TO BE READ IN THE CHURCH
(WEEKLY UNTIL EVENTS ARE PASSED)

Dear Brethren

Grace and peace to you brethren, in the blessed Name of our loving Lord Jesus. We wish to remind all Personal Ministry Leaders and their respective Councils of the following urgent matters concerning the **All Families in Mission** Program:

With some urgency, we need to have registered all the members of the church who have decided by God's grace to play a part in the All Families In Mission Outreach Program. In other words, the registration is twofold, **first** the member registers to participate and **second** having done that each one registers one or two non-Adventist individuals or families that they will be working with this year.

- a. Both the names of the registered members and the visitors they are working with must be promptly sent to the conference by the Personal Ministry Leader.
- b. Please note that the Grenada Conference is committed to offering ongoing support and resources for each church, kindly work with your district pastor and if needs be contact our Personal Ministry office for additional support where needed.
- c. Remember the four concepts are: **Growing in the Faith, Serving the community, Sharing the Faith** and **Reaping God's Harvest**. Note that there is nothing operationally new about these four concepts. As such we are asking that for this year all outreach programs and initiatives be branded and executed with these concepts in mind.

Please keep these matters is in mind and participate accordingly.

Yours respectfully

Jerome Gordon (Pastor)
Personal Ministry Director
